Allowable Subject Matter

3. The following is an examiner's statement of reasons for allowance: Applicant's amendment overcomes the drawing objection and rejections cited under 35 USC 112. The prior art of record fails to teach means for sending data via a projector so as to compare data between at least two different calendars (i.e. a first calendar and a second calendar), a computer for comparing the contents of a first calendar and a second calendar and for filling them with data missing from either, such that both the first calendar and second calendars are able concurrently to display altogether the same data.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
